

## Ingersoll Rand Forklift Parts

Ingersoll Rand Forklift Parts - Ingersoll Rand offers products, solutions and services in order to ensure efficiency and increase the productivity in residential, industrial and commercial surroundings. They pride themselves in providing products in order to enhance the comfort, security, health and safety of individuals around the globe all through their four international segments.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman makes refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, contracting and building services, parts support and advanced controls utilized for both commercial buildings and residential homes.

The Industrial Technologies sector of Ingersoll Rand provides products and solutions to be able to improve productivity, operations and energy efficiency for their clients. The series of products in their line include: tools and pumps, and material fluid handling systems to complete compressed air systems. They have also developed Club Car, the worldwide leader in golf and utility vehicles meant for people and businesses.

Brands like for example Schlage and Trane deliver residential solutions which offer efficiency, comfort and safety to home owners across North America. Their innovative products include electronic and mechanical locks, indoor air quality solutions, air conditioning and heating systems, remote home management, portable security systems and advanced controls.

Ingersoll Rand' Security technologies provide products that ensure safe, productive and secure environments. This division's market leading products comprise floor and door closers, portable security devices, exit devices, electronic and biometric access control systems, cabinet hardware, steel locks, doors and frames, locksets and decorative hardware. Schlage also has products which offer personal, time and attendance scheduling systems.
