

Rockwell Parts

Rockwell Parts - AxleTech International is a leading provider in the globe of specialty vehicle drive-train systems and components together with off highway vehicles. The company prides itself on being its customers' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for delivery, quality, service and technology. They believe in working in an atmosphere that supports the highest integrity with empowered collaboration, together with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The business has put various programs in place to be able to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with any comments or questions, because they are happy to promote and share this policy with a greater knowledge of their efforts. They are really dedicated to preserving and improving the natural world. AxleTech has an EHS program which not only protects the natural environment but which even actively protects their employees and neighbors also.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both commercial and military applications, which may consist of anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider too. AxleTech specially designs axles in order to meet certain application demands. They have more than one thousand various axle specs in their current offering. With more than one hundred years of history and knowledge, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in many military and commercial applications. They provide complete axle assemblies utilized for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have extra details that can be found in the "ISAS" product selection.
